M-P Chauzat, P Aupinel and B Vaissiere might have alternate emails for Decourtye. Maybe even Anne Alix.

Yes,
I thought of that... and also think that we have a bit of time before Wiley/SETAC say that they can't wait any longer...

I just thought I'd get the note off to Mimi and see what she says,

I also wondered if there was someone who may have an alternate email for Axel...
Can you think of anyone... anyone that Axel works with?

What's the deal with Axel Decourtye? Is he just not responding to the emails? Could be he's on vacation. They tend to take 3-4 weeks off at a time in Europe!

Mimi,
Let me know what a good drop dead date is for Axel,

I would like to send him a note to inform him that at such-a-date, without the Release form we will move forward with removing his name as a co-author but include him among the participants.
